

I remember my first baking experience — baking a cake using an Easy Bake oven. I also remember baking a chocolate cake from scratch. It weighed about 10 pounds. My family thought it was so funny, they tried to cut it with a saw. Maybe that is why I like to teach cooking class.

Ten Pound Cake Company will provide after school cooking classes at Blaine Elementary. All lessons will be age and skill appropriate. *The best part – they come home with the recipes and their treats.*
